

Getting to Villa Malibu Vacation Rental Suites:

Villa Malibu is a 90 minute drive from Liberia International Airport. The Liberia International Airport is the closest international airport to Villa Malibu. We recommend flying into Liberia vs. the San Jose International Airport. Most major airlines fly into the Liberia Airport.

If you fly into the San Jose International Airport, you have the option to take a commuter flight to the local airport near us. Sansa Airlines and Nature Air both fly into the Tamarindo Airport (25 minute drive to Villa Malibu).

Driving from Liberia:

Head south on Highway 21 past Filadelfia and after passing town of Belen, you will see a crossing with many signs pointing to Tamarindo, Flamingo, Conchal and Potrero. Turn right here (Route 155) and follow the signs until you reach the small town of Huacas, look for the signs for Flamingo (turn right). Very soon you will pass Brasilito and the next town is Playa Flamingo.

The rental office is Gold Coast Vacation Rentals. It is located on the main road to Playa Flamingo, directly across from the Restaurant Rancho Grande.

Flying from San Jose to Tamarindo:

Rates and schedules are found at www.flysansa.com Tamarindo is only a 25 minute drive away.

Rental Cars:

Whether you need to rent a car in Liberia, Tamarindo or San Jose, we recommend Hola Rent-A-Car, online at www.hola.net.
